

- PROSPECT -

HERBA - SEPT

- boxes x 100 g; 400 g; 800 g -

COMPOSITION:

Extract of:

- Ivy (*Hedera helix*)
- St John's Wort (*Hypericum perforatum*)
- Yarrow (*Achillea millefolium*) ;
- Comfrey (*Symphytum officinale*)
- Black poplar (*Populus nigra*)
- Sage (*Salvia officinalis*)
- Marigold (*Calendula officinalis*)
- Plantain (*Plantago major*)
- Greater burdock (*Arctium lappa*)

INDICATIONS:

Herba-Sept is an ointment, which contains a mixture of alcoholic herbal extract and salicylic acid in an ointment base composed of lanolin and vaselin, with carrier and protective properties. It is recommended to be used on all species, as an adjuvant in wounds, skin infections, superficial dermatosis, burns, in treating podal disease, panaritium, laminitis, umbilical infections and mastitis.

ADMINISTRATION:

External use only. As an adjuvant apply on wounds 2-3 times a day, until it heals. For the skin care of the udder, apply after every milking.

PRECAUTIONS:

Do not use for treating eye infections! Keep out of children's reach! Do not swallow! Do not reuse bottle after use!

STORAGE:

Keep at room temperature (15-25 °C), in its own well closed packaging, away from sources of fire, sun and moisture.

VALIDITY:

2 years in its own packaging, under prescribed conditions of storage.
