

- PROSPECT -
PROCID FORTE
- bottles x 100 ml; 1 L, 5 L -

INDICATIONS OF USE:

For the disinfection of surfaces, work solution is prepared by diluting 50 ml of product in 10 L of water, and it is applied, on precleaned surfaces, by spraying of the product in case of large surfaces or wiping the surface in case of small surfaces. The product is used in adequately ventilated rooms. Use freshly prepared solutions. The necessary work solution quantity is 250-500 ml/square meter, in case of unabsorbing surfaces and 500-750 ml in case of absorbing surfaces. Exposure time is 30 minutes, after that the solution is washed. In case of surfaces with increased risk of pathogeny the dose is doubled (100 ml of product to 10 L of water).

PRECAUTIONS:

H302 - Harmful if swallowed or inhaled.

P280 – Wear protective gloves, eye protection, face protection.

H225 – Highly flammable liquid and vapour.

P102 – Keep out of reach of children.

P305 + 351 + 313 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P309 + P311 - IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician.

H335 May cause respiratory irritation.

H315 Causes skin irritation.

The intended use of the product refers to its normal use by end users. For injuries occurred due to failure to follow instructions of use shall be liable the person who used the product. For the preparation and application of the product use protective equipment (goggles, masks, and gloves). Use only freshly prepared solutions. Avoid contact with eyes and skin. Do not ingest, harmful if swallowed. During disinfection smoking, eating and drinking are prohibited. After use wash your hands thoroughly with soap and water. Flammable, irritating product! Keep out of reach of children. Do not reuse the empty bottle.
