

- PROSPECT -

PROKUM PASTA

– plastic bags x 100 g, x 400 g - boxes x 400 g sacks x 5 kg, 10 kg, 20 kg -

ACTIVE SUBSTANCE:

0,005% Brodifacoum CAS No. 56073-10-0 CE No. 259-980-5, anticoagulant on support if paste, packed in paper satchets of 10 g.

The product contains BITREX.

Specific Antidote: Vitamin K1.

INDICATIONS:

For controlling mice and rat infestations in houses, stables and farm buildings, gardens, landfills, barracks, warehouses, wagons, containers, etc. PROKUM PASTA is an anticoagulant raticide bait, on solid pasta support. Brodifacoum works by blocking the synthesis of prothrombin and capillary wall patency. Death occurs in 5-7 days after ingesting the bait. The bait contains denatonium benzoate (bitrex) an extremely bitter substance that prevents accidental consumption by other animals.

INSTRUCTIONS OF USE:

For rat control the product is placed in amounts of 4 satchets on a piece of paper or plastic material, in several places at a distance of 5-10 metres, away from light, moisture and out of reach of children and domestic animals, near the access routes, nests and feeding places of the rats. The piles of PROKUM PASTA are renewed as they are consumed, 3-4 days. To the extent that consumption ceases, then deratization is considered completed. For mice use 1 satchets at a distance of 2-5 meters. Death occurs in 5-7 days.

PRECAUTIONS:

P102- Keep out of reach of children.

P103- Read label before use.

P220- Store away from food, drink and feed.

P262- Do not get on skin.

P270- Do no eat, drink or smoke when using this product.

P273- Avoid release to the environment.

P280- Wear protective gloves.

P404- Store in a locked container.

P405- Store locked under a key.

P501- Dispose of the content/container in accordance with local reglamentations.

P301+P310- IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.

For occureing accidents by failure to comply with the instructions of use, the person who used the toxic bait is responsible.
