

HERBA GEL

(boxes of 100 g, 500 g and 1 kg)

COMPOSITION:

100g of Herba Gel contains:

15 ml of medicinal herbs extract

5 g camphor

2 g methyl salicylate

Gelatinous adjuvants up to 100 g

INDICATIONS:

Herba Gel contains herbal extracts with revulsive and calming effect. Due to its composition of camphor and methyl salicylate it diminishes pain immediately, improves local blood circulation, favoring the absorption of inflammatory products.

MODE OF USE:

External use only. Apply on the affected area by massaging for a better absorption. Apply several times daily until healing.

PRECAUTIONS:

Avoid direct contact with eyes or sensible areas (genital organs)! Keep out of children's reach! Do not swallow! Do not reuse packaging! Do not use on animals destined for human consumption.

STORAGE:

Store at room temperature (15-25 degrees C), in its own well sealed packaging.

VALIDITY:

2 years in its own packaging, under prescribed conditions of storage.
