

RUMDIGESTIN HERBA

(bottles x 200, 1.000 ml)

COMPOSITION:

Hydro-alcoholic medicinal plant extract

INDICATIONS:

RUMDIGESTIN HERBA is an hydro-alcoholic extract of herbs, having stomachic, digestive, bitter tonic properties that increase digestive motility and the digestive liver secretion.

Recommended in large and small porcine and ruminants.

Pigs and swine: Indicated in anorexia, loss of appetite, gastrointestinal dyspepsia, gastric hypoacidity in chronic meteorism, constipation, weak, convalescent animals (increasing digestion and appetite).

Ruminants: in indigestion by overfeeding, in the first stage of pulping of the omasum, chronic atony of the prestomach, chronic meteorism, hyposecretory dyspepsia, anorexia, recovering after major surgery (especially after interventions over the rumen) for normalization of ruminal microflora.

ADMINISTRATION:

It is given orally, diluted with water, in the following doses:

Adult cattle: 40-60 ml 2-3 times a day (drench).

Cattle, sheep and goats: 15-25 mL 2 times a day (drench).

Pigs 5-15 ml (depending on weight), 1-2 times a day, in drinking water or food.

Shake before use. In severe cases, the dose is doubled.

CONTRAINDICATION:

Contraindicated for ruminants in case of traumatic reticulitis and peritonitis. For pigs - in hyperchlorhydria, in acute gastrointestinal inflammation, ulcers and digestive spasms.

PRECAUTIONS:

Keep out of reach of children.

STORAGE:

Store in tightly closed packages, away from sources of heat, sun and moisture at room temperature (15-25 degrees C).

VALIDITY:

2 years, under the conditions of storage.
