

HERBA-PRIM

Anti-diarrheal suspension

bottles x 150 ml with dosing pumps, bottles x 1 L

COMPOSITION

100 ml contains:

- 24 ml plant extract of medicinal plants
- 23 g Kaolin

Protective excipient up to 100 ml

INDICATIONS:

Herb extract gives astringent, antidiarrheal, antispasmodic, antiseptic, anti-inflammatory, eupeptic, tonic, cholaretic and cholagogue properties.

Kaolin, as an adsorbent, fixes toxins.

Gum arabic solution with mucilaginous properties protects the intestinal mucosa, reducing the absorption of enterotoxins.

For primary or secondary disorders of the digestive system in calves, lambs, goat, piglets, puppies and cats. Also used in gastroenteritis, gastric ulcer, dysentery, chronic colitis, abnormal intestinal fermentation, poisoning. There is no waiting time for meat procession or milking.

If necessary it can be associated with sulfamids and parenteral antibiotics.

ADMINISTRATION:

Oral dose: - The general dosage is one spray in the base of the tongue for each 1-5 kg in weight, 2 times per day for 3-5 days. Shake well before use!

PRECAUTIONS :

Keep out of children`s reach! Do not reuse the bottle after use!

STORAGE:

Store in tightly closed packages, away from sources of fire, sun and moisture at room temperature (15-25 degrees C).

VALIDITY: 2 years in it`s own packaging, under prescribed conditions of storage.
